

Invitation for the 6. Aikido-Seminar in Hamburg
with **Koretoshi Maruyama Sensei** (Tokyo)
18. - 20. May 2012

Maruyama Sensei, born 1936, has been practising aikido for more than 50 years, having been a direct student of Ueshiba Sensei.

As the chief instructor of *Ki no Kenkyukai* he successfully taught Ki-Aikido all over the world until he retreated to a zen temple in 1991. During the following 10 years of intensive study he developed Aikido-Yuishinkai, integrating the health system of ShinDou Yuki. Since his re-appearance on the world scene in 2001, Aikido-Yuishinkai has been expanding internationally. His warm and humorous teaching style and his enormous experience make an aikido-seminar a very special event. According to his motto „Aikido without boundaries“ aikidoka of all levels and affiliations are invited.
